

Cable TLYp

Ref. E61541

Ref. arch 61541

TECHNICAL SPECIFICATIONS

Width	3.6 mm
Height	1.7 mm
Maximum working temperature	70°C
Conductor material	copper
Outer insulation material	polwinit oponowy, PVC
Color of the outer insulation	transparent
Color of the core insulation	gray
Number of conductors	2
Wire cross-section	0.5 mm ²
Nominal voltage	150 V
Test voltage	1000 V
Maximum conductor resistance at 20°C	39 Ω x km
Core insulation material	polwinit izolacyjny, PVC
